PERSONAL SUMMARY

Business operations professional with a Bachelor's degree in Advertising and experience supporting enterprise customers, managing cross-functional stakeholders, and driving operational excellence. Skilled in customer communication, issue resolution, data analysis, and process improvement, with hands-on experience using Excel, Google Sheets, Power BI, SQL, and ERP systems.

PROFESSIONAL EXPERIENCE

Business Operations Executive

COMONE INT'L LOGISTICS PTE. LTD. | Singapore

Jan 2025 – Present

- Managed end-to-end operational delivery for major enterprise e-commerce accounts, coordinating with customer representatives, internal teams, warehouses, trucking providers, and customs authorities to ensure SLA compliance and high-quality customer service.
- Served as the primary operational contact for enterprise customers, proactively resolving customer issues and shipment exceptions and coordinating cross-functional teams to maintain service quality and operational efficiency.
- Managed commercial import operations for business customers, coordinating customs documentation, cargo release, and operational requirements to ensure smooth fulfillment and regulatory compliance.
- Analyzed operational performance using Excel to identify trends, support reporting, and drive continuous process improvements.

INTERNSHIP EXPERIENCE

E-commerce Operations Intern

KUAISHOU TECHNOLOGY | BEIJING, CHINA

Oct 2023 – Jan 2024

- Supported platform-level operations for the S+ 11.11 campaign by analyzing merchant, livestream, category, and GMV performance, identifying operational bottlenecks and providing data-driven insights that contributed to achieving 107.2% of the GMV target and RMB 29M+ in daily GMV.
- Executed merchant acquisition and reactivation initiatives while supporting category growth through campaign planning, cross-functional resource coordination, and product assortment optimization, increasing active merchant participation by approximately 45% month-over-month and contributing to a 6.7 percentage point increase in livestream GMV performance.

Growth Marketing and Operations Intern

BEIJING MAFENGWO NETWORK TECHNOLOGY CO., LTD. | BEIJING, CHINA

Apr 2023 – Jul 2023

- Managed brand social media and a 3,300+ member private community, developing campaign content and marketing initiatives that generated 8,000+ weekly views, improved private-domain conversion by 86% WoW, and successfully delivered a 250+ participant offline community event.
- Managed KOL/KOC collaborations and supported cross-functional livestream marketing, optimizing promotional strategies based on performance insights and contributing to weekly GMV of RMB 75K+, while building hands-on experience in consumer engagement, community growth, and brand communication.
