PERSONAL SUMMARY

Business operations professional experienced in enterprise customer support, cross-functional coordination, and operational improvement. Skilled in customer communication, issue resolution, data analysis, and process optimization, with hands-on experience using Excel, Google Sheets, Power BI, SQL, and ERP systems.

EDUCATION EXPERIENCE

University of Jinan | Bachelor's degree in Advertising

Sep 2019 - June 2024

PROFESSIONAL EXPERIENCE

Business Operations

COMONE INT'L LOGISTICS PTE. LTD. | Singapore

Jan 2025 - Present

- Managed daily operations for major B2B e-commerce accounts, coordinating customer requirements with internal teams, overseas counterparts, and external partners to ensure smooth execution.
- Handled a high-volume permit workflow, processing 230+ cases monthly from May to September 2026 while managing time-sensitive documentation and operational requirements.
- Served as an operational contact for enterprise customers, handling service issues and coordinating with multiple stakeholders to keep shipments and related processes on track.
- Used Excel and operational data to track workflow status, operational volumes, and monthly performance, supporting reporting and process improvement.
- Built a simple reporting tool using Streamlit and AI-assisted development, reducing monthly report preparation from around 30 mins to under 1 minute.

INTERNSHIP EXPERIENCE

E-commerce Operations Intern

KUAISHOU TECHNOLOGY | BEIJING, CHINA

Oct 2023 - Jan 2024

- Worked on the S+ 11.11 campaign, tracking merchant, livestream, category and GMV performance and identifying issues that affected campaign results.
- Coordinated with merchants, creators and product teams on campaign execution, helping the team reach 107.2% of its GMV target and RMB 29M+ in daily GMV.
- Supported merchant acquisition and reactivation initiatives, contributing to a 45% month-on-month increase in active merchant participation and a 6.7 percentage-point increase in livestream GMV performance.

Product Operations Intern

DIGITAL HAINAN CO., LTD. | HAIKOU, CHINA

Jul 2023 - Aug 2023

- Assisted with early-stage product development for education administration applications, including prototype design, workflow planning and PRD documentation.
- Collected user feedback and monitored activity data, helping improve product workflows and build basic SOPs for community operations.
- Conducted market research and supported campaign planning based on user and market insights.

Growth Marketing and Operations Intern

BEIJING MAFENGWO NETWORK TECHNOLOGY CO., LTD. | BEIJING, CHINA

Apr 2023 - Jul 2023

- Managed social media content and a 3,300+ member private community, planning campaigns that generated 8,000+ weekly views and increased private-domain conversion by 86% WoW.
- Organized an offline community event with 250+ participants and coordinated KOL/KOC collaborations to support user engagement and campaign reach.
- Supported livestream marketing and tracked campaign performance, contributing to weekly GMV of RMB 75K+.
