

JENNIFER FU (JIAQIAN)

Business Operations | Operations Strategy Associate | Product Growth | Brand Strategy

Jennyfo1010@gmail.com | Singapore

Portfolio: jenismeee.github.io/Page

PROFESSIONAL SUMMARY

Early-career professional with experience in business operations, growth, digital platforms, and cross-border business environments. Through experiences across consumer internet, e-commerce, and platform operations, I've developed a strong interest in understanding how technology, products, and brands influence consumer behavior. Looking to build a career where business execution, strategic thinking, and meaningful user experiences come together.

CORE CAPABILITIES

- Business Operations
- Cross-functional Coordination
- Stakeholder Management
- Supply Chain Operations
- Enterprise Account Management
- Operational Planning
- Trade Compliance & Customs Clearance
- Consumer Business Operations
- Digital Marketing & Community Growth
- Data Analysis & Workflow Optimization

PROFESSIONAL EXPERIENCE

Business Operations Executive

COMONE INT'L LOGISTICS PTE. LTD. | Singapore

Jan 2025 – Present

- Manage end-to-end operational execution for major enterprise e-commerce accounts including Taobao, Pinduoduo, and Lazada, overseeing import container scheduling, customs clearance planning, trucking arrangements, warehouse unloading coordination, and final delivery execution while ensuring strict service-level and KPI compliance.
- Independently handle Singapore import customs declaration processes, preparing permit applications, monitoring vessel arrival schedules, resolving controlled goods inspection issues with regulatory authorities, and coordinating with internal and external stakeholders to maximize operational efficiency across time-sensitive workflows.
- Execute B2B commercial import operations by processing customs clearance based on cargo manifest and invoice documentation, managing GST collection and documentation fee workflows, updating internal operational systems, and coordinating cargo release processes to ensure smooth downstream delivery execution.

E-COMMERCE OPERATIONS INTERN

Kuaishou Technology | Beijing, China

Oct 2023 – Jan 2024

- Served as a core member of an S+ level 11.11 campaign taskforce, tracking livestream, creator, category, and product performance metrics, identifying execution bottlenecks and supporting strategic adjustments that helped the team achieve 107.2% of target.
- Led merchant acquisition and reactivation initiatives through targeted outreach campaigns and livestream follow-up operations, increasing mid- and long-tail merchant livestream participation by approximately 45% month-over-month and contributing to RMB 29M+ daily GMV.
- Supported category growth strategy for the winter apparel segment by designing campaign initiatives, coordinating internal resource allocation, and optimizing product assortment, contributing to a 6.7 percentage point increase in livestream GMV performance.
- Worked closely with cross-functional teams across creator ecosystem operations, merchant growth, and category management, gaining hands-on experience in large-scale consumer platform operations and digital growth execution.

GROWTH MARKETING & COMMUNITY OPERATIONS INTERN

Beijing Mafengwo Network Technology Co., Ltd. | Beijing, China

Apr 2023 – Jul 2023

- Independently managed brand social media account operations and a private user community of 3,300+ members, creating campaign content that generated over 8,000 weekly views and improved private-domain conversion by 86% week-over-week.
- Planned and executed brand marketing initiatives, including a 250+ participant offline community event, and transformed campaign execution experience into reusable activity playbooks for future brand operations.
- Managed KOL and KOC collaboration initiatives while supporting cross-department livestream marketing activities, adjusting promotional strategies based on performance feedback and contributing to weekly GMV of approximately RMB 75K+.
- Developed hands-on understanding of consumer engagement, community growth, brand communication, and how user behavior influences digital platform performance.

PRODUCT OPERATIONS INTERN

Digital Hainan Co., Ltd. | Haikou, China

Jul 2023 – Aug 2023

- Supported early-stage product development for education administration applications, assisting in prototype design, workflow planning, and PRD documentation.
- Monitored user activity and feedback insights, supporting community operations and building SOP processes to improve user acquisition, retention, and platform engagement.
- Conducted market research and developed campaign proposals, gaining hands-on experience in product operations, user experience, and digital product iteration.

CREATOR PARTNERSHIP OPERATIONS INTERN

UniFuture Technology | Haikou, China

Jan 2023 – Feb 2023

- Supported creator acquisition initiatives and onboarded 100+ overseas creators for a Bilibili growth project focused on gaming and creator ecosystem expansion.
- Managed creator account operations and supported content publishing activities that generated approximately 30K+ daily views across multiple accounts.
- Assisted in cross-platform creator partnership outreach on TikTok and Instagram, gaining early exposure to creator economy growth and digital platform operations.
